## COUNTY BOARD TO PASS ON ZONING LAW

Final Action on Ordinance  
To Be Taken at Meeting  
on April 17

Final action on the proposed county zoning plan will be taken by the Lake county board of supervisors on April 17.

The ordinance recommended for zoning building and land uses outside of cities, villages and incorporated towns, classifies property into nine types, four residential classes, one farming, two business and two industry.

The county zoning commission, headed by John J. Hogan of Waukegan, chairman, states that it has drafted the ordinance with a view to promoting public health, safety, morals and general welfare, conserving the values of property and lessening congestion on streets and highways.

**Cuts Traffic Hazards**  
To cut down possibilities of traffic accidents, the ordinance recommends set-backs in all zoning districts so that motorists will have a clear view from a 5-foot height above a traveled road. It also allows for provision of parking space off the road in various districts.

Under the proposed ordinance as it now stands, the county superintendent of highways would be the enforcing officer. All building permits for work on land included in the zoned areas would have to be obtained from him at a fee of \$2.

A penalty of \$200 or a six months' term in the county jail, or both, would be imposed for violation of the ordinance.

## LADIES TO BE GUESTS OF CLUB

To Be Entertained by Civic  
Club at Meeting Next  
Monday Night

"Ladies' Night" will be observed by the Antioch Men's Civic club Monday evening, March 20, when the wives of members will be guests at a 7 o'clock dinner meeting in the Methodist church.

The speaker of the evening will be Dr. W. W. Bauer, Chicago, who is director of the American Medical association's bureau of health education. Dr. Bauer's work includes the supervision of radio broadcasts designed to give health education, and it is expected that in his talk he will tell something of his work.

Reservations may be made with Otto Klass some time before Monday noon.

## Waukegan Woman to Give Book Review

Mrs. H. B. Cleveland of Waukegan will review Dorothy Canfield's book, "Seasoned Timber," at a meeting of the Antioch Woman's club Monday afternoon, March 20.

The meeting will be held at the home of Mrs. W. H. Osmond at 2 o'clock with Meses John Horan, J. C. James, Charles Powles and William Keulman as assisting hostesses. Refreshments will be served after the program.

## Housewarming in New Building Well Attended

Many visitors took advantage of the "housewarming" held at Howard's Luncheon and Fountain service Saturday and Sunday in the new building at 900 Main street. Numerous bouquets of flowers were sent by well-wishers. The building is a two-story structure recently completed by Mr. and Mrs. C. E. Howard of Camp Lake. The luncheon and fountain service occupies one of the stores and the other is being rented for mercantile purposes.

## Methodist Pastor Plans "Sermon for Men" Sunday

Continuing the series of special Lenten sermons at the Antioch Methodist church will be one designed to be specially of interest to men, this coming Sunday. The pastor, the Rev. W. C. Henslee announces as his topic for this time, "What is Man?" The service is at 11 o'clock and will be open to the general public, as is the custom at the church.

## Kucera to be Host at Shell Banquets

Adolph Kucera of the Antioch Oil Company, will leave Monday on a ten-day trip to various cities in Illinois and Wisconsin to act as official host at a series of dealers' banquets sponsored by the Shell Petroleum Corporation.

The special motor coach carrying a band and performers for the eight acts of vaudeville to be staged in connection with the banquets, will visit Urbana, Peoria, Rockford, Madison, Green Bay and Milwaukee, and will close with a two-night stand at the Palmer House in Chicago.

## FIREMEN POSTPONE WRESTLING SHOW

Defer Plans Under Ruling  
of State Athletic  
Commission

Postponement of the boxing and professional wrestling show advertised for March 24 at the Antioch Township High school gym was announced by the Antioch firemen yesterday following the ruling of the Illinois Athletic commission that no professional bouts could be held here until the proposition receives a favorable vote and a license to hold the show is procured from the Commission.

This cancellation of the professional bouts will in no wise affect the Antioch Township High School Golden Glove boxing matches which were to have been a preliminary to the professional show.

The Golden Glove tournament will be held in the high school gymnasium the evenings of March 21, 22 and 23.

**Prepare Petition**  
The firemen have prepared a petition to have placed on the ballot to be voted on at the village election April 18 the proposition of permitting the holding of professional boxing and wrestling shows in Antioch. If the proposition receives a favorable vote, any organization may hold professional exhibitions after getting the necessary license from the state commission.

The local firemen are hopeful that the proposal will receive a majority vote at the forthcoming village election so that the bouts may be staged here the latter part of April.

**Clears up Misunderstanding**  
Along with other business transacted by the firemen at their meeting held Tuesday night was the clearing up of the rumors and misunderstanding regarding the use that is to be made of funds derived from the proposed wrestling and boxing show. Funds realized from the show are to be used to purchase new uniforms for the firemen, according to a statement made public today by John L. Horan and Clarence Shultz, chairman and secretary of the publicity committee.

The statement reads, in part: "The administration of the Fire District has been more than successful, and this has been accomplished through the splendid co-operation of the citizens in the district. The financial report of the fire district is published annually, itemizing the receipts and expenditures made from the general appropriation.

"The firemen are well pleased with the district administration. All requests made by the department have been granted, but we do not feel that it would be fair to make a request large enough to cover the expense of purchasing new uniforms. For this reason the firemen are working out the problem in their own way with no cost to taxpayers."

The statement was signed by Horan and Shultz, committee members. The newest member of the Fire Department is Herman Holbek who was elected to membership Tuesday night. Holbek was formerly a member of the Chicago Insurance Patrol and was in service with city fire salvage squad.

## John Horan Hurt When Struck by Automobile

John Horan, 407 Orchard street, suffered a badly cut left arm Wednesday evening when he was struck by a car of which Russell Horan was the driver.

Horan had crossed Main street from the American Legion hall to assist Charles McCorkle, whose car was stalled, when the accident occurred.

Horan's sleeve is believed to have caught on the handle of the car door as Horan passed, throwing him to the pavement. The handle tore through the cloth of his overcoat and suit coat, inflicting a four-inch gash in the flesh of his arm. His elbow was also cut and bruised. The heavy overcoat he wore is supposed to have shielded him from still more serious injuries.

## O. E. HACHMEISTER HURT IN ACCIDENT

Is Recovering at West Bend  
Hospital from Injuries  
Received Saturday

The condition of O. E. Hachmeister, Antioch, who was seriously injured in an automobile accident near West Bend, Wis., about 1:30 o'clock last Saturday morning, is somewhat improved, according to reports from St. Joseph's hospital there.

Hachmeister, who is proprietor of the Quality Meat market here, was returning from West Bend together with four others, who had gone here to attend a game between the Antioch Lions' basketball team and the Winneconne, Wis., community champions, when the accident occurred.

Their automobile struck a patch of ice while rounding a curve on the highway, skidded, and struck a telephone pole.

Hachmeister was the most seriously injured of the party. He received a bad cut on the head and a possible skull fracture. Ed F. Vos, another member of the group, had a cut hand. Elmer Rentner, owner and driver of the machine, Robert King and Morris Pickus were uninjured.

The members of the group reported that the pavement had been clear on the way up. Rain and sleet had started to fall in some places before their return, but the highway had remained clear until they struck the unsuspected icy strip.

## COMMUNITY PARTY TO AID RECREATION

Organizations Asked to Co-  
operate in Fete Set  
for April 13

A "Community party" to benefit summer recreation plans for Antioch will be sponsored by the Recreation association Thursday evening, April 13, in the Antioch Township High school.

The co-operation of all organizations in the community is being asked by the association. The Antioch Parent Teacher association has already volunteered to take charge of the refreshments.

The committee hopes that other groups will assist in preparations for the old-time and modern dancing, cards, entertainment, decorations and other features.

**Supervised Playground**  
Among the activities and projects the association hopes to sponsor this summer are a supervised playground for children of school and pre-school age, and games for young folks and adults.

It costs about \$10 a month to carry on recreation work in Antioch at the present time, the recreation committee points out. A part of this has been made up by donations from private individuals.

## Boxing Tourney to Open at High School

There will be seven weight classes, ranging from 100 to 180 pounds for the Antioch Township High School Golden Glove tournament, to be held at the school March 20, 21 and 22 under the auspices of the school athletic association.

Twelve bouts will be held each evening. On Monday and Tuesday evenings the preliminaries are to be held, with the finals on Wednesday evening. The tournament will open at 7:30 o'clock each evening.

## Ladies Run Things in "The 7th Commandment"

Ingenues, leading ladies and character women of the J. B. Rotnour troupe don overalls and run a dairy farm in "The 7th Commandment," a comedy drama to be presented on the stage at the Crystal theatre next Thursday evening.

There will also be two vaudeville numbers between acts, by Miss Gayle Gibbs and Sid Kingdon, who have been especially engaged to entertain between acts as well as play prominent parts in the cast.

Merchant tickets may be procured from firms listed elsewhere in this issue.

This evening "Stepping on the Gas," a comedy, with the "Toonerville folks" as its main characters, is to be the offering.

## THE OLD LIGHTHOUSE STILL STANDS

## Lions Club Beats Winneconne Team

The Antioch Lions Club basketball team defeated the Ryf Oilers, Winneconne, Wis., Community league champions, 44-39 in a closely fought game at Winneconne Friday evening.

Lars Steffenberg, former University of Illinois cager, was high scorer for Antioch with nine field goals. Robert King was second with five field goals and one free throw.

The game was arranged by "Bud" Holtz of Antioch, who is a former resident of Winneconne. A number of people from here made the trip to Winneconne to attend the game.

## P.T.A. SPENDS \$168 IN YEAR

Further Sum of \$71.50 to  
Go for Child Health  
and Other Work

The Antioch Parent Teacher association has spent a total of \$168.27 since last May 1 for the benefit of the Antioch Grade school; it was revealed in reports given at a meeting Monday evening in the school.

This sum includes \$20 spent for round-up expenses; \$20 for the P. T. A.'s child dental program; \$15 for Schick tests and diphtheria inoculations; and \$35 for health examinations.

The estimated expenditures during the balance of the school year amount to about \$71.50. The association has a balance of \$12.92 in cash on hand, and it expects to raise the rest through benefit card parties and donations.

The financial report was presented by Mrs. A. P. Bratrude. A report on educational legislation, from the viewpoint of P. T. A. interest, was given by R. E. Clabaugh, principal of the Grade school.

"Music and Art as Recreation" formed the subject of a talk given by Mrs. S. R. Heylman, Chicago, who was the speaker of the evening. Mrs. Heylman urged that children's musical education should stress the aim of pleasure rather than drudgery.

## Fire Damages Country Club Tenant House

Fire damaged the interior of the caretaker's home at Channel Lake Country club to the estimated extent of \$300 late Wednesday evening when a blaze started under a stairway on the first floor.

The Antioch Township Volunteer Fire department received the call at 11:30 p. m. and arrived at the building within a few minutes in time to put out the blaze before it gained much headway.

The fire is believed due to spontaneous combustion, according to Fire Chief Stearns. It appeared to have started in a heap of clothing in a closet beneath the stairway.

Burnett Smith is the caretaker at the club.

Tuesday evening at 6 o'clock the department was called out when an automobile belonging to Emil Kubs, Harden street, and parked in front of his home, backfired and caught fire. The blaze was put out immediately and no damage resulted.

## TO HOLD RITES FOR GOLD STAR MOTHER SATURDAY

Mrs. Louise Sponholtz, 89,  
Passes Away at Home  
of Daughter

The auxiliary to Harry Sponholtz post of the American Legion at Genoa City, which was named for her son who was killed in action in France, will pay tribute to Mrs. Louise Sponholtz at funeral rites to be held Saturday afternoon in the Genoa City Methodist church.

Services will also be held at the home of Mrs. Sponholtz' son-in-law and daughter, Mr. and Mrs. John E. Sibley, 1049 Victoria street, Antioch, with whom she had lived during the past four years. The services here will be at 1 o'clock and those in Genoa City at 2 o'clock.

Mrs. Sponholtz would have been 89 years of age if she had lived until March 27. Her death occurred Monday evening, at the Sibley home.

Was Early Settler

She was born in Germany, the daughter of the late Mr. and Mrs. Wilhelm Siedschlag, and came to America with her parents at the age of 13. Her mother was killed in a railroad accident in Canada, and the rest of the family came on to Kenosha, where they had relatives. They afterwards settled near Wilmet.

After her marriage to August Sponholtz, the couple lived for many years on a farm on the Wisconsin-Illinois state line, near Richmond. Nearly 40 years ago they moved to Genoa City, where Mrs. Sponholtz resided until she came to Antioch. Her husband preceded her in death about 20 years ago.

Mrs. Sponholtz was the only surviving one of eight brothers and sisters, a brother, Fred, having died last September.

Mother of 12

She was also preceded in death by seven of the 12 children who were born to her: A daughter, Della, who died at the age of 14, and another daughter, Bessie (Mrs. William O'Neill); five sons, Charles, of Denver, Colo., and Otto, both of whom passed away many years ago; the Rev. Henry Sponholtz; Theodore, whose death took place last fall in Tulsa, Texas; and Corporal Harry Sponholtz, who was killed in France during the World War, but whose body was brought back to America later and buried at Genoa City.

Surviving are Mrs. John E. Sibley of Antioch; Mrs. Charles Schinke, Springfield, Wis.; William Sponholtz, Yokum, Texas; Mrs. Paul Weber, wife of the Rev. Paul Weber of Genoa City; and Mrs. Steve Drake, Venice, Calif.

Mrs. Sponholtz was a Gold Star mother, and a member of the Sponholtz Legion post auxiliary at Genoa City, and of the Woman's Christian Temperance union. She was a member of the Methodist church from the time she came to America until her death.

Six of her grandsons will act as pallbearers for the funeral.

## Income Tax Action Is Brought Against Skidmore

W. R. Skidmore, Pistakee Bay, faces government action demanding \$220,007 in unpaid income taxes and fraud penalties for the years 1933 to 1937. Skidmore, who has frequently been referred to in the press releases as a "junk tycoon" and reputed "gambling czar," owns an estate on Rand road between Volo and McHenry. The property includes seven farms clustered around the mansion. In recent years Skidmore has taken a great deal of interest in raising show horses, one of his prize performers being "Lady Jane."

## May Install Traffic Light at Fox Lake

A survey of motor traffic at the intersection of U. S. Route 12 and Grand avenue, Fox Lake, is being conducted by the state highway department to determine whether traffic signal lights should be installed there. Heavy traffic at this corner, especially during the summer, led a request from the village board and business men for a traffic signal system.

## Civil War Veteran Has Ninety-first Birthday

Ben Hamlin, Lake Villa's only surviving Civil War veteran, celebrated his ninety-first birthday anniversary at his home Friday. Mr. Hamlin has been in poor health during the past three weeks, but is recovering.

## Grass Roots

In spite of wars and threats of wars, dictators and threats of dictators, taxes and unemployment, spring is nearly here. It will do you good to get out in the open and see how insignificant are the vanities of men and politicians who are powerless to check the turn of the seasons, create the food that the world must eat, control the coming of the new leaves, the grass, the calves, the lambs and the pigs. How much more important is the work of a good farmer than all the bombast of the mightiest dictators or the mouthings of the noisiest politicians.

## 529 Train Loads

How much money is \$45,000,000,000—the amount of the national debt by 1940, as expected?  
Nobody knows.

So A. A. Busby, local figure bug, set his head and hand to work to give us some idea of what \$45,000,000,000 is—just forty-five billion silver dollars. (Older citizens may remember what one looks like.)

A silver dollar, Mr. Busby says, is 1 1/2 inches in diameter. The circumference of the earth at the equator is 25,000 miles. There are 63,360 inches in a mile or 1,584,000,000 in the earth's circumference. Dividing, the mathematician finds that 45 billion dollars laid edge to edge would circle the earth at the equator 42.6 times!

Then he goes on to give us another slant on the vastness of that national debt by considering the weight of 45 billion dollars:

It takes 17 silver dollars to weigh a pound, he says. You'll find, if you take the time to figure a little, that 45 billion dollars (if there were that many) would weigh 2,647,058,823 pounds, or 1,323,529 tons, or 529 train loads of 2500 tons each or one train reaching across Kansas from north to south!

Can you get that into your mind?

If our great-grandchildren get it paid off, it will be the surprise of our life!—Bronson, Kansas, Pilot.

## Americanism Defined

Webster (generally acknowledged as an authority on word definitions) defines Americanism as "Attachment or loyalty to the United States, its traditions, interests or ideals."

This for the information of certain backsliding Americans who seem to think there are several kinds of Americanism.

Mr. Webster aptly defines the word. There can be only one kind of Americanism. Deep-rooted love of the United States and its "traditions, interests, or ideals."

And if anyone wants further definition as to just what these traditions, etc., are, they are aptly written in the document on which Americanism is founded—the Constitution.

## TREVOR

Mr. and Mrs. Walter Baethke, Antioch, called Sunday at the home of Mr. Baethke's parents, Mr. and Mrs. A. J. Baethke.

Mr. and Mrs. Allen Copper and son, Dennis, Chicago, spent the weekend at the Mrs. Mattie Copper home. Harley Shottliff, Wilmot, was a caller in town Sunday.

Mr. and Mrs. John Parhyte, Fond du Lac, who are visiting his brother, George Parhyte, at Brighton, called on Trevor friends Saturday.

Mr. and Mrs. Alfred Dahl and son, John, were Racine visitors Saturday. Peter Harris returned home with them after doing carpenter work at the Dahl home the past week.

Mrs. Harry Dexter, Jr., and Mrs. Cora Khusmeyer of Salem accompanied Mrs. L. Patrick and son, Milton, to Kenosha Sunday afternoon, the former to visit her husband at the Kenosha hospital and the latter to see their aunt, Mrs. Lillie Cornwell, who is ill following a stroke Friday.

David Eilers and wife visited their son, Earl, and family Saturday evening.

The Trevor-Antioch Willing Workers Society will hold their regular meeting Friday afternoon with Mrs. Earl Eilers at her home. Please note the change of date from the regular day of meeting.

Mrs. F. Gripe, daughter, Florence Gripe, and M. R. Stephany, Evanston, were Sunday dinner guests at the Charley Oetting home.

Mr. and Mrs. Otto Schleming and daughter, Margaret of Fox River were callers at the Evans-Eilers home at Rock Lake Sunday afternoon.

Mrs. John Holzschuh and mother, Mrs. Johnson, and Mrs. Nell Runyard were Tuesday afternoon visitors of Mrs. William Evans.

Mrs. L. Patrick and Milton Patrick were visitors at the William Kruckman home in Burlington Wednesday afternoon. Miss Sarah Patrick, who has spent the past two months there, is improving under the care of Dr. Mastaler, and will return home in a few weeks.

Mrs. Anna McKay and niece, Ruth Thornton, visited the latter's mother, Mrs. Joseph Holley, at Oak Park Friday.

The dance at Social Center hall Saturday evening was attended by a large crowd. There will be another dance on Saturday evening, March 25th, "Quakes Hayloft Hot Shots" will furnish the music.

Tom Gaggin, Antioch, who is ill, is making an indefinite stay with his brother, John Gaggin and wife.

Mrs. William Boersma and Mrs. Charles Oetting attended a card party at Wilmot Tuesday evening.

Mrs. Arthur Runyard entertained her card club, Wednesday afternoon. Mrs. Jessie Allen will entertain this

## Sitting on the Sit-Down

It was only a few years ago that Americans became acquainted with the sit-down strike as a weapon of labor leaders. An innovation of the C. I. O., the sit-down leaped into the headlines almost overnight.

With equal swiftness, violence replaced the council table as a means of labor dispute settlement; public respect for organized labor turned to public indignation; and a man's security in his job became as dependent on the whims of a labor czar as on all the economic fates.

That the sit-down has remained on the American industrial scene as long as it has is largely attributable to the labor policy adopted by the Federal government in its National Labor Relations Act. The act, rather than diminishing labor strife and the sit-down, as was intended, only encouraged strife. At least that is the only conclusion that can be drawn from the results.

Now the Supreme Court has ruled the sit-down illegal. Specifically, the highest court rules that the National Labor Relations Board was "out of bounds" in ordering employers to re-hire, with back pay, workers who had been discharged for participating in sit-down strike violence and property seizure.

The court was specific, also, in upholding the right of an employee to strike. But the right to strike, said Chief Justice Hughes in reading the court's opinion, does not license the employee "to commit acts of violence and to seize the employer's plant."

That is just what the public has been thinking since the sit-down started.

\*\*\*

## Opinion

All sound financial observers are of the opinion that sound prosperity will not return until heavy industry expands, and such expansion will not take place so long as present federal policies are in effect. Pump-priming may induce an occasional feverish wave of buying automobiles, clothing and other perishable goods, followed by economic chills. But if the important heavy industries are to expand we must have less government competition and interference and more confidence in the business future.

\*\*\*

## It's a Mad World

For the past 25 years or more engineers have been straightening creeks, building drainage ditches along highways and roads and making it possible for the rainfall to find its way to the rivers easily and quickly. Now the state is considering a flood control and soil conservation program costing millions of dollars. Now the engineers propose to construct dams, dikes, terraces, contours and every known device in an attempt to hold the water on the land where it falls. Such is the price of progress.—Douglas County, Kan., Republican.

\*\*\*

## Turn About

Congress has stood by for six years watching the President pull mythical rabbits out of a magic hat with no obvious results, so it begins to look like the thing for the voters to do is to get together at the next opportunity and pull the rabbits out of Congress.

Wednesday, Mrs. Oetting is assisting hostess.

## MILLBURN

The community was saddened Monday afternoon by the news of the death of Rev. Samuel Holden, who passed away in the Beaumont, Texas, hospital Sunday night. Rev. Holden, who was pastor of Millburn church from October 1932 until Jan. 1, 1939, when he was obliged to give up preaching on account of ill health, had spent the winter in Beaumont, Texas. He is survived by his daughter, Mrs. William D. Caughran of Chicago, to whom the community extends sympathy. Burial services will be held in Southern Pines, North Carolina.

Miss Jean Culver, who is attending school at University of Illinois, spent the week-end with her parents, Mr. and Mrs. Horace Culver.

Miss Lois Hunter of Oak Park spent Saturday night and Sunday with Miss Elizabeth Hughes.

Mr. and Mrs. Leo McCord of Waukegan spent Sunday afternoon at the home of the latter's brother, Thomas Harness.

Mr. and Mrs. Orville Haville and family, Vern Cameron and daughter and Miss Arla Star of Waukegan were callers at the Harry Shank home Sunday afternoon.

Evelyn Marrs, oldest daughter of Mr. and Mrs. Dayton Marrs, had the misfortune to fall from the hay loft in the barn Saturday afternoon and fracture her ankle.

Miss Jean Hughes of DeKalb State Teachers' college spent several days with her parents, Mr. and Mrs. A. G. Hughes.

Mr. and Mrs. Fred Tebbin and son, Mr. and Mrs. Harry O'Hare and family, Mrs. Ola O'Hare and sons, Howard and Leo, of Waukegan and Mr. and Mrs. Wilmer Hook of Gurnee spent Sunday afternoon with Mrs. Ida Truax.

Mr. and Mrs. Gordon Bonner and family spent Saturday afternoon with the Robert Bonner family at Kansasville, Wis.

Miss Louise Jones returned home Sunday after spending a week at the home of her aunt in Chicago.

Willis Webb is seriously ill in the Kenosha hospital.

Mr. and Mrs. Ellis Stanley and children from Waukegan were callers at the John Stanley home Sunday afternoon.

Mrs. George Vose, Mrs. Ellsworth Fox, Mrs. Bert Edwards, Mrs. Orland Raether, Miss Vivien Bonner and Mrs. Gordon Bonner of Hickory Unit of Home Bureau attended the annual meeting of Lake County Home Bureau held at the Federated Church in Wauconda Friday, March 10th.

The Father and Son banquet will be held in the church dining room Friday evening, March 24th.

Mrs. E. A. Martin and son, Rich-

ard, were supper guests at the Frank Kennedy home in Waukegan Saturday.

Major and Mrs. John Kaluf of Quantico, Virginia, are spending a few days with the former's parents, Mr. and Mrs. J. Kaluf. They are en route to San Francisco, Cal., and will sail on April 7 for Manila, where they will be stationed for two years.

Miss Marian Edwards of Oak Park spent Sunday afternoon and evening with her parents, Mr. and Mrs. Frank Edwards.

The John Veasy family moved on Monday to the second house on the farm occupied by Willis Webb.

Arthur Hauser of Kenosha spent Sunday at the home of his parents, Mr. and Mrs. Harry Keefe and daughter, Barbara, of Waukegan were callers at the Frank Edwards and J. Kaluf homes Sunday afternoon.

Mr. and Mrs. Harlan Fairchild and daughter of Denver, Colorado, spent several days at the home of the latter's brother, Victor Strang.

Hickory Unit of Home Bureau will meet at the home of Miss Floy Dixon Thursday afternoon, March 16.

## An 'Osiso'

An Osiso is a device which shows the distance of lightning by recording the interval of time between the flash and the arrival of the noise of the thunder at the point of observation.

## Tears Are Antiseptic

Human tears are antiseptic. Even when diluted 6,000,000 times they have been known to destroy microbes found in the air.

Where 'Mad' Means 'Insane'  
The word "mad" is never "cross" or "angry" in England, as it is sometimes used here; there "mad" is always "insane."

Stood on Stool When Crowned  
William III of England, who was shorter than Mary, his consort, stood on a stool when he was crowned.

## Pure Truth

Pure truth cannot be assimilated by the crowd; it must be communicated by contagion.—Henry Frederic Amiel.

Quakes Start Miles Down  
Most earthquakes originate from 15 to 100 miles below the earth's surface.

'Hobby' Meant 'Small Horse'  
'Hobby' originally meant a "small horse," then a toy horse and a favorite amusement.

## Lifelong Grudge

A lifelong grudge does not arise from some act. You had an antipathy toward the man, anyway.

## WILMOT

Mrs. Roy Swartz and Mrs. M. M. Schnurr will be hostesses at a card party at the school house in Wilmot for the benefit of the Mothers Club on Tuesday evening, March 21, 1939.

The High School P. T. A. met at the gymnasium Monday evening.

Mrs. H. Sarbacher has been in Kenosha this week with Mrs. John Sarbacher, who is ill.

Joyce Stoxen is recovering from an attack of the flu.

Elmire Carey was a guest for Thursday of Mrs. Roy Murdock at Bristol.

Mrs. Fred Lentz and daughter of Genoa City were guests Sunday of Mr. and Mrs. Ray Bufton.

Mr. and Mrs. Lloyd Carpenter and daughter, Carmen, of Waukegan, were Sunday guests of Mr. and Mrs. R. L. Hegeman.

Mr. and Mrs. William Harm attended a party honoring the birthday anniversary of Paul Volbrecht at Antioch on Sunday.

Mrs. Fred Faulkner has been ill with flu and under the care of Dr. M. W. Alcorn.

Mr. and Mrs. Ray Bufton and Mr. and Mrs. Wayne Tilton and son were in Kenosha Friday evening to visit Mrs. Margaret Bufton.

Mr. and Mrs. Herman Frank and children attended a party honoring the first birthday anniversary of their son, Richard, and the 79th of John Frank at the home of Mr. and Mrs. Frank Zarnstorff at Richmond, on Sunday.

Mr. and Mrs. Henry Harm, of Lake Geneva, were Sunday evening guests of Mr. and Mrs. William Harm.

There will be English services at 9:30 and German at 10:45 at the Peace Lutheran church on Sunday morning.

Mr. and Mrs. August Kleinhaus of Milwaukee spent Sunday with Mrs. S. Jedele.

Mr. and Mrs. Frank Kruckman spent Sunday with relatives at Crystal Lake.

Mr. and Mrs. George Bancroft and family have moved to Bassetts.

Mr. and Mrs. Harry McDougall were in Kenosha on Monday.

Mr. and Mrs. Paul Vigansky, of Kenosha, spent Sunday with Mr. and Mrs. Charles Rasch.

Mr. and Mrs. Charles Albrecht of Burlington were entertained Sunday at the homes of Mr. and Mrs. R. C. Shottliff and Mr. and Mrs. Dave Kimball.

Mr. and Mrs. Ted Leiting and children visited the former's parents, r. and Mrs. T. J. Leiting at Hebron on Sunday.

Raymond Rudolph is ill at his home and under the care of Dr. Bennett.

Mr. and Mrs. John Sutcliffe spent Sunday with their daughter, Grace, at Oak Park.

Members of the M. E. church are sponsoring a cafeteria supper in the church dining hall on March 16th. Service will be from five p. m. until all are served.

Mr. and Mrs. Henry Pruemmers from Burlington were guests for the day Sunday of Mr. and Mrs. Paul Vos.

Mrs. Ray Stoxen and Mrs. David Kimball will be hostesses at the next meeting of the M. E. Ladies aid.

Miss Virgene Voss accompanied the Misses Claudia and Eva Vincent to Whitewater on Sunday.

Mr. and Mrs. Fred Rasch, Mr. and Mrs. Lynne Sherman and Mr. and

## Sahara Once Fertile

The vast barren Sahara was once a fertile stretch of green vegetation and only 2,000 years ago was called the "Granary of Rome." Intense cultivation turned it into a desert and the same thing is taking place on the western plains of America. The Sahara is still spreading at an alarming rate.

## Famous Luxor

Luxor is a village in Upper Egypt on part of the site of ancient Thebes near Karnak. The place is famous for its ruins.

Priceless Antiques in Norway  
At Lillehammer, Norway, is a great folk museum containing many priceless Norse antiques.

Usefulness  
Nothing in this world is so good as usefulness. It binds your fellow-creatures to you, and you to them.

Always Beautiful

## HEALTH HINTS for LIVESTOCK

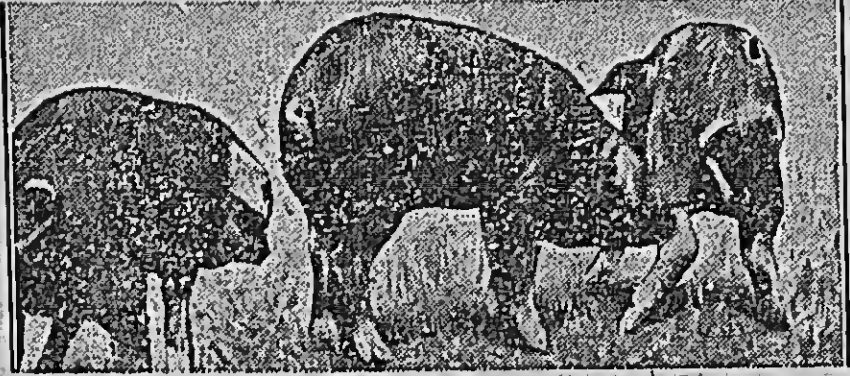

PREPARED BY  
AMERICAN FOUNDATION FOR ANIMAL HEALTH

### HOG FLU MAY OUT DOWN ON NEXT SPRING'S PIG CROP

Swine influenza each year takes a double toll in the hog lots of American farmers. Its direct damage is to the tons of thousands of hogs which annually fall victims to this swift-moving disease. Its indirect toll is to the pigs which will be born dead to breed sows which

tend to pile up, and lack appetite. These are also symptoms of hog cholera, and some are symptoms of viral erysipelas.

Likewise, hog flu and cholera some times have a tendency to merge from one into the other, especially if the hogs are in a weakened condition. If the hogs have been vaccinated against cholera, this owner knows that they are safe from this disease, at least, but it is always advisable to call a

Swine influenza. Note weakness and depressed attitude of animals. have contracted influenza and, apparently, recovered from it.

Like human influenza, swine flu is most treacherous to deal with. The entire herd can come down with it in a day's time. And, worst feature of all is the fact that the symptoms of influenza resemble those of several other common swine diseases. The hogs run a temperature, are sluggish,

and have a tendency to pile up, and lack appetite.

Hogs having influenza should be isolated from the rest of the herd as quickly as possible. The best safeguards against influenza are to see that the animals have warm, dry quarters, with proper ventilation and absence of drafts.

### Mirrors Fought a Battle

The idea of harnessing the rays of the sun to work for us is by no means new. Archimedes, the famous philosopher, once made an ally of the sun. When the Roman fleet attacked Syracuse in 214 B. C., he set their ships ablaze by concentrating the sun on them with the aid of reflecting mirrors from the shore.

### Cathedral Abbey, Novelty

Only cathedral abbey in the United States is the Catholic Institution of Belmont Abbey near Gastonia, N. C. Here in the shadow of the lofty North Carolina mountains, orders are received directly from Rome, and even checks have to be signed by the Pope himself for equipment and upkeep of a modern American co-ed college.

### Weather in Brazil

Brazil, larger in area than the United States, has more diversified weather on tap the same day than the United States.

### Oldest Living Things

The sequoias are considered the oldest of living things, survivors of that long ago when plants and animals grew to giant size. Some of those now standing in California were in existence 2,000 years before Christ.

### Preserve Old Homes

The charm of the ancient homes of Hildesheim in Germany can never be destroyed for tourists by any modernizing, since no property owner is permitted to alter his house without good cause, and any change must harmonize with the architecture of the past.

'Pyjamas' From 'Leg Cloth'. The word 'pyjamas' comes from a Hindustani word meaning 'leg cloth.'

### Travel Tips

A man is the happier for life to having once made an agreeable tour.—Sydney Smith.

## FARM TOPICS

### REDUCE TIME AND LABOR ON SILAGE

#### Will Enable Farmer to Put Up Higher Quality.

Modern equipment and improved methods greatly reduce the burden of ensiling grasses and legumes, save time and enable the farmer to put up a higher quality silage.

Any green crop that is harvested for grass silage should go into the silo just as soon after cutting as possible. In good haying weather, not over two hours should elapse between mowing and ensiling. During cloudy or rainy weather somewhat longer time may be permissible. If the crop becomes partly dry in the field, water should be added at the silo in order to replace the lost moisture and insure a high quality silage.

In mowing the crop it is a good plan not to keep more than one-half day ahead of the needed supply. A windrower which may be attached to either a horse-drawn or a tractor mower will eliminate one field operation. The windrower works especially well on level fields, or fields that are not too rolling.

The use of modern cylinder rake bar loaders saves a great deal of labor. When selecting a loader it is well to purchase one specifically designed for green hay. They will handle dry hay as well as green hay.

Many experienced operators use square-shaped racks or dump truck bodies, and allow the hay to fall as it will from the loader, without having anyone on the load. When the green hay is hauled to the silo considerable time can be saved by dumping the load on the ground. Providing the silo filler is set in a trench or set with its wheels in the ground up to the axles, the labor of feeding the machine is greatly reduced. Standing on the ground and with the cutter lowered, two men can pitch a ton of green hay into a silo filler in 10 minutes or less.

Almost any cutter that is in good condition may be used in ensiling green crops. Modern machines with feed rolls designed for handling hay crops are easier to feed than standard ensilage cutters. The silo filler should be set for a cut of one-fourth to one-half an inch. Longer cuttings do not pack satisfactorily and may result in some spoilage.

### Unearth 1500 B. C. Village

A village of 1500 B. C., when native Britons were shifting from the Stone age to bronze tools, was unearthed in the Orkney Islands.

### Who Pays the Bill?

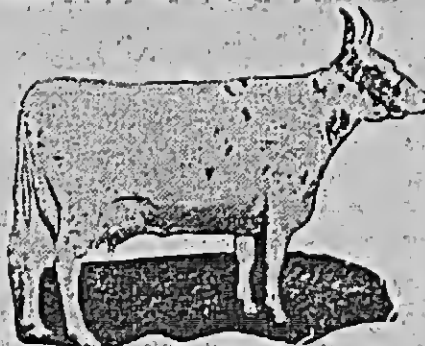

American women purchase approximately 80 per cent of all the clothes sold.

### Liberty Statue on Capitol

The dome of the Georgia state capitol is surmounted by a statue of Liberty, 15 feet high.

Perfume Made by Indian Maidens. Indian maidens made a delicately fragrant perfume by crushing the seeds of the columbine.

### Queens for the Fair

When the World's Fair opens in New York in the spring of 1939, the dairy industry will be well represented. Five breeds of dairy cattle—Ayrshire, Brown-Swiss, Holstein, Guernsey and Jersey—will each have thirty outstanding cows in the "Dairy World of Tomorrow." These 150 cows will be milked in the Borden Building on the Central Mall, using a rotolactor equipped with magnetic milkers to do the job. Calves and bulls representative of each breed will also be on exhibit.

The animals are chosen by a special committee from each Breed Association, and will come from all parts of the United States and Canada as representatives of the best that the breed can produce. The Ayrshire cow shown above is one of the animals chosen.

In this exhibit not only the production of milk will be demonstrated, but the handling, bottling and sale of it will go forward under the eyes of the public. About one-third of the milk produced by the cows of this country is used as fluid milk. The rest is sold as butter, cheese, ice-cream, casing for paint, billiard balls, paper sizing, milk sugar for medicines, and in literally hundreds of other forms. The Borden exhibit will tell much of this story and give a better understanding of the place the dairy cow, as exemplified by these pure-breds, and the milk distributor play in the scheme of things.

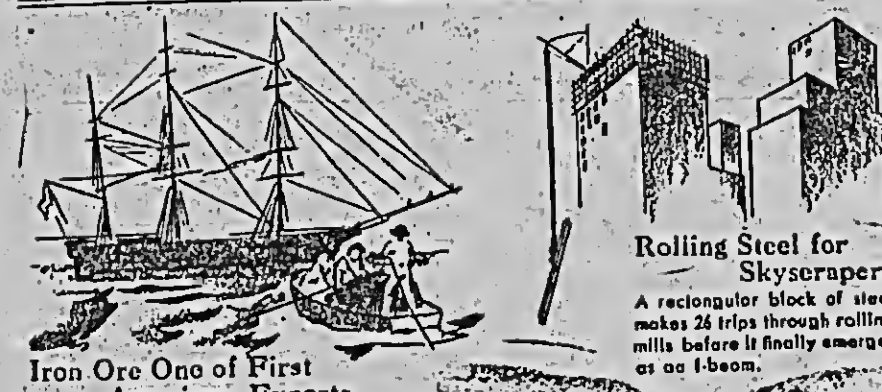

### Pure-Bred Cows Going to World's Fair

This photograph shows the partly completed building which will house the "Dairy World of Tomorrow" at the New York World's Fair in 1939. In it the five pure-bred associations—Ayrshire, Guernsey, Holstein-Friesian, Jersey and Brown-Swiss—will each have 30 outstanding specimens of their breed on display for the entire duration of the Fair. These animals, selected throughout the United States and Canada, are chosen for outstanding merit. They will be milked three times a day on a Rotolactor similar to the one developed at the Walker-Gordon Laboratories.

The exhibit will demonstrate the production and handling of milk under best sanitary conditions. The Borden Company is co-operating with the breed associations and will bear the expense of assembling, feeding, and caring for the animals.

## 4 STEEL FACTS in one minute

**Iron Ore One of First American Exports**  
In 1608 the colonists at Jamestown, Va., shipped a boat-load of iron ore to England, where it was refined into iron which sold for \$4 per ton.

**Rolling Steel for Sky-scrapers**  
A rectangular block of steel makes 24 trips through rolling mills before it finally emerges as a I-beam.

**75% of Steel Workers Own Automobiles**  
Automobiles are owned by three out of four steel workers, and automobile riding is their favorite recreation.

**Earliest Alloy Steel Came from the Skies**  
The first alloy steel reached the earth as a meteorite containing an iron-nickel alloy not unlike some modern steels.

American Iron and Steel Institute

**Supreme Justice's Oath**  
The oath taken by a justice of the United States Supreme court is as follows: "I do solemnly swear that I will administer justice without respect to persons, and do equal right to the poor and to the rich; and that I will faithfully discharge all the duties incumbent on me as judge, according to the best of my abilities and understanding, agreeably to the Constitution and laws of the United States."

**Birds Don't Migrate**  
There are 21 species of birds found in Puerto Rico which are not found anywhere else in the world. The year-round temperate climate makes migration of birds unnecessary.

**California Flag**  
The state flag of California bears the words "California Republic," and refers to a brief essay in independent government.

**True Friends**  
True friends visit us in prosperity only when invited, but in adversity they come without invitation.—Theophrastus.

**They Might Desist**  
Those who are always exhorting others to "think" might desist if they could see the rapidity of thought of many who try it.

**Mirror Dates 6 A. D.**  
The earliest Chinese mirror of polished metal bearing a dated inscription is of the year A. D. 6.

**Tolerance**  
Tolerance is a virtue nearly all practice; but heavens, doesn't it often fret us to practice it!

## ANTIOCH and Vicinity

## Wilmot Couple Has 55th Anniversary

Mr. and Mrs. T. C. Loftus of Wilmot celebrated their fifty-fifth wedding anniversary at their home over the week-end. Saturday evening they were pleasantly surprised by a group of relatives and friends, and eight tables of cards were arranged.

Winn Peterson extended the greetings to the couple and presented them with a purse of money from the gathering. They were also the recipients of other gifts.

A family dinner was held at the Loftus home on Sunday and attended by their son and daughter and grandchildren. The celebrants were married on their farm in Randall township March 12, 1884, and the bride was Clara Reynolds before her marriage. Mr. and Mrs. Milton Imeson, of Hebron, were the attendants. Mr. Imeson is still living and residing at Hebron.

The couple lived on the same farm for 25 years and then moved to their present home in Wilmot, where they have lived thirty years. One daughter, Leah, Mrs. Arthur Pacey, died. Their son is Guy Loftus, manager of the New Era Telephone system, and their daughter, Laura, Mrs. Ray Ferry, of Zion, Ill. There are also eight grandchildren and four great-grandchildren.

Dean Loftus, of Detroit, unable to be present, telephoned his congratulations to his grandparents Saturday evening.

## SEVENTY ATTEND MEETING OF LADIES' AID

Seventy women attended the meeting of the Ladies' Aid society held yesterday afternoon at the home of Mrs. W. C. Petty. An enjoyable feature of the meeting was the talk of Miss Elizabeth Webb who spoke of her travels through Mexico, and the Irish songs by Miss Ruth Ona Nelson. Miss Webb had with her an interesting display of relics, curios and craft work she brought from Old Mexico. Several guests were present from Lake Villa, Waukegan and Lake Forest.

## DINNER CELEBRATES TWO ANNIVERSARIES

Two birthday anniversaries, that of Mrs. Mollie Somerville, which occurred March 9, and that of Miss Adele Miller, on March 13, were celebrated jointly with a dinner Sunday at Mrs. Somerville's home.

Covers were laid for 12, including Mr. and Mrs. Harold Johnson and family, Freeport, Ill.; Mr. and Mrs. Earl Somerville, Kankakee, and Franklin Hendee, Mundelein.

On Tuesday evening, eight friends of Mrs. Somerville gathered at her home to hold a surprise party in her honor.

## STAMP CLUB HOLDS EXHIBIT AND BANQUET

The annual banquet of the Antioch Township High School Stamp club was held at the school last Thursday evening, with C. E. Pritchard of Waukegan as the principal speaker. During the afternoon an exhibit of stamps was held under the auspices of the club.

A program and social time will follow the business session at a meeting of Friendship Circle Wednesday afternoon, March 22, at the home of Mrs. E. J. Lutterman, Victoria street.

GUILD DINNER IS ATTENDED BY 70

Seventy were served at the Lenten dinner held in St. Ignatius' guild hall Wednesday noon, under the auspices of the Guild society. The dinner was one of a series the Guild has been sponsoring during Lent.

The Bank of England

The Bank of England is not a government institution, but a private banking house, the largest in the world, with the British government as its chief customer. It is controlled by a governor, deputy governor and 21 directors. The Bank of England is a joint-stock bank, the first of its kind in Great Britain. It was organized with a capital of 1,200,000 pounds, subscribed by many stockholders, and opened for business January 1, 1695, during the reign of William III.

Pronunciation of 'Cobh' Cobh, the port of Cork, Ireland, and an increasingly popular debarkation point for visitors to the British Isles, probably is the most mispronounced word in shipping circles. It is called Cobh, Kobe, but rarely Cove, which is correct. It is the same city as Queenstown, as it formerly was known.

A Kindly Mien An angry mien is completely unnatural; yet let it be frequently assumed, and the charm of the fairest face will begin to die out, till, at last, every spark of beauty is gone.—Marcus Aurelius.

## CHRISTIAN SCIENCE CHURCHES

"Substance" was the subject of the Lesson-Sermon in all Churches of Christ. Scientist, on Sunday, March 12.

The Golden Text was, "Honour the Lord with thy substance, and with the first fruits of all thine increase" (Proverbs 3:0).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And one of the company said unto him, Master, speak to my brother, that he divide the inheritance with me. And he said unto them, Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth. For where your treasure is, there will your heart be also" (Luke 12:13, 15, 34).

The Lesson-Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Hold thought steadfastly to the enduring, the good, and the true, and you will bring these into your experience proportionally to their occupancy of your thoughts" (p. 201).

## St. Ignatius' Episcopal Church

## Personals

Ted Larsen of Illinois College, Jacksonville, Ill., has been appointed chairman of the International Relations Conference club.

S. B. Nelson, contract properties management broker for the Home Owners' Loan corporation, attended a meeting of Lake County real estate brokers Monday evening in the Clayton hotel, Waukegan.

See our rack of "Specials" for this week. Dresses, values \$5.95 to \$14.95, priced specially, \$3.95 to \$7.95. Mari-Anne's, Antioch.

Miss Marie Sutcliffe, Chicago, was the guest of Mrs. J. R. McBride and daughter, Mrs. K. W. Hampton, during the week-end.

Mrs. H. B. Gaston is convalescing at the Woodstock hospital where she underwent an operation Tuesday morning.

Mr. and Mrs. E. F. Vos and Mrs. Arthur Trieger went to West Bend, Wisconsin, today to call at St. Joseph's hospital where Mrs. Trieger's father, O. E. Hachmeister, has been a patient following the highway crash in which he was injured last Saturday morning.

## Yesterdays

MARCH 26, 1891

Williams Bros. new store, a mammoth emporium of trade, is now completed and open to the public. Antioch can now lay claim to having the largest and best arranged retail store in Lake, McHenry, Kenosha or Racine county. (Editor's note—Descriptions of the store include a reference to the 86 gas jets installed for lighting.)

Advertisement—We have just received a copy of "The Air Ship Waltz," by Isaac Doles, Indianapolis, author of the famous quartette arrangement of "Jesus, Lover of My Soul." "The Air Ship Waltz" is a beautiful composition and promises to create more interest than the air ship itself.

From the Salem items—Mr. Solomon Blandin is prepared to saw and split wood for any one at low prices. Solomon can't be beaten with a saw. Mr. Charles Kerwin has engaged the school in the Smith dist. Charles is a smart boy, and no doubt but he will make a very successful teacher.

County seat items from the News' Waukegan correspondent—We expect to have a new Opera House on one of the lots recently purchased by Dr. V. C. Price.

Rudard Kipling's story, "The Tertium Quid," is included in the fiction features for this issue.

30 YEARS AGO  
March 18, 1909  
Miss Margaret Goodrich and John Hockney were secretly married in

Chicago last Friday.

Mrs. William Smart, Mrs. Chase Webb and Mrs. D. Ferris were elected officers of the Antioch Hillside Cemetery association.

Dr. Beebe, formerly of McHenry, has rented the Mary Williams house on Orchard street. His office will be located in the rooms over Gollwitzer's barber shop.

Miss Bertha James was decidedly successful in her appearance at the Fine Arts Music Hall in Chicago Saturday. She has rare talent as a vocalist and is rapidly mounting the ladder of success.

15 YEARS AGO

March 20, 1924

The high school vaudeville program will be given Friday night under the direction of Miss Esther Olson, with the assistance of Miss Edith Ewing, vocal director, Mr. Pollock, orchestra director. Taking part will be Emmet Webb, Vida Palmer, Bernadine Walsh, Dorothy Hawkins, Marie Rothers, Georgia Bacon, Glenn Roberts, Grace Jack, Irene Sheehan, Augusta Hucker, Mabel Van Deusen, Albert Herman, Ardis Grimm, L. R. Watson, Richard Cass, Edith Edgar, Clara Sorensen, Mary Herman, Ethel Hahn, Hilma Roberts, Genevieve Sanborn, Elma Cannon.

Forty friends held a surprise party at the home of Mrs. Fred Fowles Friday in honor of the couple's seventh wedding anniversary.

## HICKORY

Mrs. Alva Scoville and Miss Grace Tillotson of Kenosha spent Tuesday, March 7, at the Emmet King home in honor of Grace Elmet's birthday.

Mr. and Mrs. Roy Heydecker from Waukegan visited the John Crawford family on Wednesday afternoon.

Mr. and Mrs. Wilbur Hunter and Jerry of Mundelein were dinner guests at the Harrie Tillotson home on Saturday.

Mrs. Adam Dibble of Antioch visited the Ralph Fields home from Friday noon until Saturday afternoon.

Mr. and Mrs. Jack Monroe are moving up to their place on Hickory Corners.

Mrs. William D. Thompson is on the sick list this week.

## Card of Thanks

We wish to express our deep appreciation to all those whose kindness and sympathy aided us in the time of our recent bereavement.

Mrs. Joseph Pachay and Children.

Quirks in Food Tasting  
Trained food tasters can detect strength differences of less than 10 per cent in flavors, reports the American Chemical society. Many professional tasters have no keener sensibilities than other people but have developed the ability to observe, analyze and interpret the sensations received to a remarkable degree. Sensitivity to differences in flavor is not increased through practice.

## Backward Natives

Although the white colonization of Australia began in 1788, the majority of its aborigines still do not know how to cultivate land, make clothes or build a shelter other than a windbreak. These people have always been looked upon as little more than animals. In fact, up to 40 years ago, a settler merely required a permit to "shoot, poison or otherwise kill" them at will.—Collier's.

## Steyning Stone

A stone that has long served as a step at the eastern entrance to the churchyard of the old Sussex, England, town of Steyning has been found to be decorated with crude, but elaborate, carvings, and it is believed to be a menhir, or upright monumental stone, one of the few to be found in the country. It is thought possible that it was this stone that gave to Steyning its distinctive name.

Orthodox  
Whatever is "orthodox" (Greek orthos, "right, true," and doxo, "opinion"—doken, "to think") is literally "of the right opinion." However, as Webster's points out, the word is commonly used in the specific sense of "holding the Christian faith as formulated in the great church creeds and confessions." There is, then, a genuine orthodoxy based on a demonstrable knowledge of God, and a so-called orthodoxy based on man-made creeds, rituals, and ceremonies.—Christian Science Monitor.

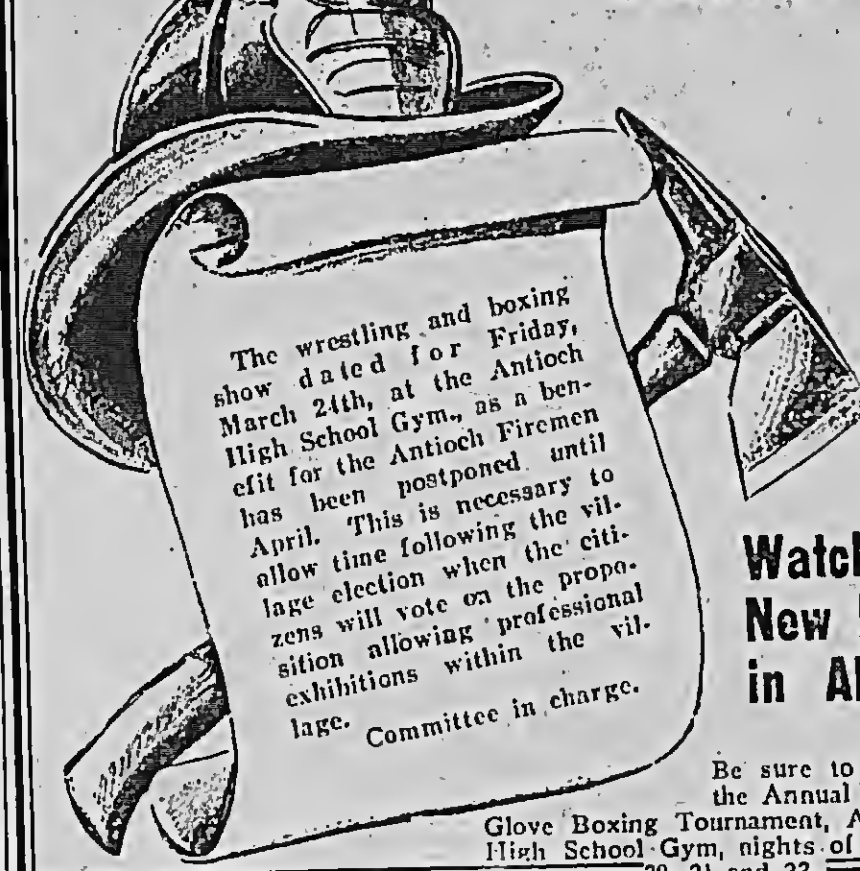

Rich Little Poor Girls  
If you want to see poor people wearing jewelry you must go to Holland, particularly to Friesland, where even the servant girls normally wear at least a hundred dollars' worth of the goldsmith art.

**Gambles With His****Dole Money and Wins**

VANCOUVER, B. C. — Frank O'Toole, relief recipient, was \$5,000 richer because he gambled with his relief money. Drawing two weeks wages recently, O'Toole played a hunch, bought a ticket in the Irish sweepstakes. He drew a 100 to 7 chance, which he accepted an offer of \$5,050 for a half interest in the ticket.

**WINS HUGE FORTUNE BY QUICK THINKING****Youth Saves Man From Auto; Heir to Two Million.**

NEW YORK.—Picking his way through the thick traffic of Broadway near Forty-third street four years ago, Sidney Swart, then 18 years old and a clerk in an emergency relief bureau, saw an automobile make a quick turn and bear down on an elderly man with a cane. In two seconds the agile Swart reached the unwitting pedestrian and shoved him from the car's path.

Extremely grateful, the older man asked Swart's name and address. He said he desired to express his appreciation in some manner. Two days later Swart received a letter asking him to call at the Waldorf-Astoria. It appeared that the name of the elderly man was Carl Anderson.

Swart lived in two furnished rooms with his sister, Jean, in Brooklyn. He told Anderson about Jean and the latter said he would like to meet her. Anderson also lived with his sister, Miss Gertrude Anderson, 62 years old. Their home was in Sweden. He was a cheese manufacturer, here on business.

Anderson took an immediate fancy to Jean and eventually presented her with a \$20,000 check to travel in Europe.

Some time later, after inducing Swart to change his name to Stewart, he took him to Sweden where Swart, now Stewart, remained two years, receiving a musical education, a small fishing yacht, and an allowance of \$1,000 a month, he says.

Anderson died in August, 1930, leaving his protégé a \$50,000 legacy, and Stewart returned to this country. Then on last October 4 Miss Anderson died and today he received notice that her estate, amounting to approximately \$2,000,000, had been left to him.

Now 22 years old, he plans to engage in radio work and invest some of the fortune in motion picture and night club ventures.

**Hunters Quit When Bear****Turns Tables on Them**

KELSO, WASH. — Clyde Mellitt and Joseph St. Onge returned from a hunting trip to report a fantastic escape from death at the claws of a large black bear.

St. Onge sighted the bear first, and his shot knocked the animal off a log. The hunter laid aside his rifle and climbed over the log. A wounded and enraged beast met him. The hunter turned and fled.

He then called Mellitt and, returning to the place where St. Onge had laid aside his rifle, the two hunters separated in an attempt to pick up the bear's trail.

Mellitt had progressed only a short distance when the bear charged him. A frantic chase ensued, with Mellitt dashing madly around a stump and the wounded bear behind him.

Mellitt's shouts attracted St. Onge, but was afraid to risk a shot for fear of hitting his comrade. Finally, however, he fired a shot into the air and frightened the bear away.

The hunters decided they had been hunting enough for one day, and made no further attempt to follow the wounded animal.

**Connecticut Man Sports****Third Set of Teeth at 19**

HARTFORD, CONN. — Vincent G. Kochunas is 19 years old, stands 6 feet and weighs 225 pounds.

There's nothing unusual in that, according to the army recruiting station here for there are several "big boys" in the United States' fighting forces; officials pointed out.

But Vincent is a bit different—he is now sporting his third, complete set of natural teeth.

According to the youth's parents, the third set replaced the second when Vincent was 15.

Army Sergt. Stanley Kuczewski found the "third edition" to be in perfect condition and the youth passed quickly through the routine physical examination.

**Man Shoots at Pheasant,****Finds Only Head on Stick**

TURLOCK, CALIF. — Bob Ferrier, hunting with A. H. Hensen recently, first was thrilled and then was disappointed, says the Oakland Tribune. Ferrier and Hensen had hunted all day without any luck. En route home, while driving along a canal bank, Ferrier spotted what he believed to be a pheasant. He shot with accuracy and then went to retrieve his bird.

It was only the head of a pheasant that some successful hunter had placed on a stick hidden in the grass.

**Famous Hymn**

Annie Sherwood Hawkes (1853-1918) wrote the words of the famous hymn, "I Need Thee, Every Hour," while engaged in household tasks in her home in Brooklyn, N. Y. Later she handed the verses to her pastor, Rev. Robert Lowry, who composed the tune.

**Good Advice**

Two Philadelphia physicians, writing in a national publication, warn people to keep their mouths shut if they would remain healthy. And, they might have added, if they want to keep out of trouble.

**Parlsian Barnyards**

Milk is not a popular drink in Paris, but if you know where to order you can get it fresh from one of the 18 dairy farms which are located within the Paris city limits.

**Secret Sorrows**

Believe me, every man has his secret sorrows, which the world knows not; and oftentimes we call a man cold when he is only sad.—Longfellow.

**The Wife's Hat**

A properly constituted husband regards his wife's hat as an indication of his standing in the community; so let it cost \$50 if that's necessary.

**Double Days**

Midnight sun months in Norway and Sweden come between May 15 and July 16, when visitors enjoy double days for it is almost daylight at midnight.

**Why Keep It Up?**

Some poets are always being talked about by the literate and whooped over; and not one verse of theirs is on the lips of the people—or is ever quoted by anyone. Not much use keeping up the ululation.

**First Cutlery Factory**

Although some tools were manufactured in Pennsylvania as early as 1810, the first cutlery factory was at Worcester, Mass., and dates from 1820, when a pen and pocketknife factory was established there.

**Strawberry Grapes**

At Cannova, Yugoslavia, one of the chief delicacies sought by tourists is the "strawberry grape." It is like our Concord grape, but has a strawberry flavor.

**I WAS DESIGNED BY A NOTED ARCHITECT****I AM THE Truly Modern HOME****AN ORGANIZATION OF FEATURES THAT GIVES GREAT VALUE**

**SEE ME** I am a Weyerhaeuser 4-SQUARE Demonstration Home—an example of the great value that good designing and good engineering can obtain on today's market. Designed by a nationally famous architect, in collaboration with Weyerhaeuser Engineers, I have the modern features of convenience, economy and satisfaction.

In addition to the home illustrated, there are eleven other 4-SQUARE Demonstration Homes, complete with blue prints and specifications. Designed by leading architects, they are the last word in fine design and good construction. They offer the utmost in convenience, features—economical construction, low upkeep and maintenance. Come in. See these 4-SQUARE Demonstration Homes. At the same time get two books that mean a great deal to every home builder. "The Requirements of the Truly Modern Home" and "The High Cost of Cheap Construction." These books are free.

**WHY HOGS DIE; THE FIVE GREAT CAUSES OF SWINE LOSSES**

Few swine raisers realize that the major share of all hog losses in this country is due to but five causes—hog cholera, enteritis, influenza or pneumonia, paratyphoid, hemorrhagic septicemia, and erysipelas.

If the farmer could keep just these five out of his herd, the increase in his annual hog profits would be enormous, and the nation's income would

be multiplied by tens of millions of dollars. Here are a few suggestions that should be of value in helping the average farmer to guard his herd against these five destroyers:

**Hog Cholera**—Cannot be cured. The only safeguard is vaccination before an outbreak occurs. The best time for vaccination is around weaning time, once the dairy cow has "made it" is best to have the work done on a regular basis. Symptoms of cholera—sluggishness, fever, partial paralysis, tendency of hogs to pile up.

**Enteritis**—A birth-born disease, picked up to old, infected hog lot. Best preventive is to farrow and rearing on clean pasture, away from old

**Large Moose Antlers**—An Alaskan expedition brought back to the American Museum of Natural History a set of 60-pound antlers which have a spread of 10 feet 6 inches. These are said to be the largest and finest on record.

**Blue Ridge Mountains**—Geologists estimate the Blue Ridge mountains once were more than 30,000 feet high, higher than any mountain in the world today. Erosion has reduced their highest summits by more than two-thirds.

**Life in a Stall**—Horses are able to go for months without lying down. Nature provides them with a muscular mechanism that allows the animal to rest his legs while remaining on them.—Christian Science Monitor.

**Billions of Feet of Timber**—There are 540,000,000,000 feet of standing timber in Oregon and Washington.

**The Busy Heart**—The heart sends three gallons of blood a minute from the right to the left side. In violent activity the amount may reach 10 gallons.

**Changing the Mind**—No well-informed person ever imputed inconsistency to another for changing his mind.—Cicero.

**Dogwood in Mythology**—Greek mythology contains legends of dogwood and tries to explain the reason for the odd type of growth.

**Hemorrhagic Septicemia, or swine plague**—Very difficult to distinguish from hog cholera, and frequently one disease is complicated with the other. Symptoms similar to cholera, including fever, loss of appetite, and weakness. Prompt veterinary treatment is urgent, and hogs should be put into clean quarters, with good ventilation, and given a careful diet.

**Influenza, or Swine Flu**—Very common. Symptoms—loss of weight, diarrhoea, weakness. At first stage, call a veterinarian.

**Ears Itch to Shoulders**—The natives of Easter island have ears which reach down to their shoulders.

**"Manpower Vehicle"**—The jinriksha comes from a Japanese word meaning "manpower vehicle."

**Peanuts by the Ton**—Visitors to the wharves in Dakar, Senegal, will find them piled high with peanuts. It supplies Germany and France. As many as 30,000 tons of peanuts are shipped from Dakar annually. A ton of peanuts occupies a large space.

**Carpets Made 5,000 Years Ago**—Egyptian frescoes show that carpets were being made at least 5,000 years ago.

**Alabama Once Republic**—The state of Alabama once functioned as an independent republic.

## Balance and Appetite Appeal in This Attractive Lenten Menu

Here's The Kind of Lenten Dish Your Family Will Rave About — Baked Salmon With Sour Cream and Canned Peas, Served on Buttered Toast or Corn Bread

With Lent comes the problem of preparing attractive daily meals that have zest and variety, and yet do not sacrifice that all-important matter of balance in their food values, for upon this depends the health of the entire family. It's quite a task for a busy housewife, she must always remember that, husband coming home from the office, and the children tired after a day at school, are far more enticed by an appetizing array of attractive foods than by a carefully nutritive balance. Carefully she must combine these two elements. New combinations and arrangements of foods, new ideas and different forms of presenting it are doubly welcome at this time.

During Lent, the problem becomes even more difficult, for then the home-maker is faced with a more limited choice of foods. There's one bright light in the picture, though; there are a few foods graciously endowed by Nature. One of these is canned peas; they're rich in muscle-building proteins and energy-making sugars and plenty of those too often overlooked, yet necessary, vitamins. And by no means least important, they're fresh and zesty-looking—just the thing to add that necessary sparkle to a meal.

In canned peas you have a vegetable that offers garden freshness and flavor all the year at a tempting economy. Government tests have actually shown where the precious vitamin C, so easily destroyed in cooking, is preserved by the new methods of rapid canning which require only two hours from the garden to the can.

Canned peas are inexpensive, too; modern methods have brought them to

a point where they can be purchased in varying sizes and degrees of sweetness; the small early varieties are frequently used as a garnish, the medium and larger sizes being served alone as a vegetable or in combination dishes.

They're a green vegetable that you'll discover is just the thing to perk up jaded appetites. Their attractiveness transforms even so commonplace a dish as baked potatoes into something the family will want to stop admiring and start eating.

Salmon and other popular sea foods combine particularly well with canned peas—their colors complement each other as well as their flavors. You will be delighted with this food combination in any of the several forms that follow.

### Baked Salmon With Sour Cream and Canned Peas

1 No. 1 can of salmon  
1 cup dairy made sour cream  
Break the salmon into large pieces or slice it. Remove the bones and excess skin. Place in baking dish and add the sour cream. Cover the dish and bake at 350 degrees for 45 minutes. Serve on toast or corn bread—paraphrase with canned peas buttered or warmed in sour cream sauce.

### Individual Salmon Mounds With Canned Peas

1 No. 1 can red Salmon, 1 1/2 cup bread crumbs  
1 egg  
Salt and pepper to taste  
Mix the salmon after removing the bones and skin, combine with unbroken eggs, bread crumbs and seasonings. Pack into individual well buttered baking dishes—make depression in center of each. Place in oven and bake at 350 degrees for 20 minutes then break an egg into the center of each salmon mound. Return to oven and bake until egg is cooked to point desired. Serve with either creamed or buttered canned peas.

## Lake Villa School News

### Upper Room

All the students are back in our room except two. They are Clarence Bennecke, and Ervin Barnstable. John Meyer came back Tuesday.

We had movies Tuesday, March 14, on "Dwellers of the Forest." They were very interesting.

Our room is decorated for Easter, and St. Patrick's Day. Marjorie MacLaren made a nice bulletin board decoration of health pictures and the ten commandments of health.

We have only three more exams to take before we complete them for the last two months.

Lillian Kelly has been riding around in their new Oldsmobile that they

### Farallones Islands

The Farallones Islands are a group of six small rocky islands in the Pacific off the coast of California, about 28 miles from the entrance to the Golden Gate. A large number of rabbits are found on the islands; they are prolific in bird life and many sea lions are on the coast. The islands were created a federal bird preserve in 1909.

daughter, Mrs. K. W. Hampton, during the week-end.

Mrs. H. B. Gaston is convalescing the Woodstock hospital where she underwent an operation Tuesday morning.

Mr. and Mrs. E. F. Vos and Mrs. Hur Trieger went to West Bend, Minn., today to call at St. Joseph's hospital where Mrs. Trieger's mother, O. E. Hachmeister, has been patient following the highway crash which he was injured last Saturday morning.

bought a couple of weeks ago. She likes it very much.

John Christensen's birthday is Thursday of this week. He will be 15 years old. Watch out Thursday, John. Remember the paddle?

### Primary Room

We are very busy making up work in 1st, 2nd and 3rd grades.

But, Alice, and Ronnie came back Monday. Jeannette Slazes came back Tuesday.

Bob Thompson is happy to have had his Grandma Thompson visit him for a while.

We won't have much time for anything but work when we all get back.

### Intermediate Room

Mr. Brickman has added to our furniture he has been making for us. He made a little table and also a little marketing basket.

Our room has made a lot of posters and we have put them up around the room. They are pictures of a wintry

scene with pine trees and log cabins with a lot of snow on the ground.

All of our students are able to be back now except Betty Bartlett. Marilyn Tiede and Joe Zelenz got permission to come back today. They will enjoy the movies very much.

We have already had our geography, reading and physiology test. We haven't many left.

### GROWING MENACE TO HOG PROFITS IN NECROTIC ENTERITIS

In spite of every effort to curb it, necrotic enteritis—a swine disease resembling human typhoid—is constantly increasing as a threat to farmers in most of the major hog-producing states. The germs which cause "necro"

many of the pigs die, and those which do survive remain unprofitable runts. Necrotic enteritis attacks the inner lining of the intestines. In advanced cases, the lining is little more than dead tissue, incapable of absorbing food. It is dangerous to vaccinate against cholera in a herd suffering from enteritis. This is one reason why it is always best to have a veterinarian go over a herd, before vaccination, to

Here is an example of the emaciated appearance which so often comes with the wasting effects of enteritis. Inhabit old, contaminated hog lots, and pastures. If farmers would move their hogs out of these old lots, onto clean, fresh ground, most of the losses from this disease could be prevented.

First evidence of "necro" is generally a rapid, killing outbreak of dysentery or scours among suckling pigs. Later, the pigs which survive, do not show proper gain. They become thinner and thinner, suffering from diarrhea and unthriftiness. Eventually,

### When Luther Missed

On the wall of a room in the medieval Wartburg castle, Germany, is an ink stain which is said to have been made by Martin Luther when, working late one night, he thought he saw the devil coming to tempt him, hurled his ink pot at the evil one, and—apparently—missed.

### Electricity Eases Spasm

Use of high-frequency waves, passed in a probe down the throat to the opening of the stomach to relieve spasm of that point, was recently described.

### Sugar Content in Bananas

The sugar content in bananas increases from less than 2 per cent in the green fruit to approximately 20 per cent in the fully ripe fruit.—American Chemical society.

### Land of 150,000 Islands

If you are asked in an intelligence quiz which country has a coast line of 12,000 miles and along that coast line has 150,000 islands, there is only one answer—Norway.

### Jack Rabbits Speedy

Jack rabbits have been known to run at the rate of 35 miles an hour.

### A Bibliomaniac

A bibliomaniac is of a mild-mannered breed who pay their insurance premiums regularly, who like gold fish because they don't talk back, who indulge in endless discussions about inconsequential, are sometimes dull as dishwater but always carry a sensitive finger to the printed page.

### Beautiful for 2,000 Years

Pindar, Greek poet who lived in the fifth century before Christ, said that Girgenti, in Sicily, was "the most beautiful city of mortals." It is still regarded as beautiful, not as a city but as ruins.

### 'Road Show' Movies

Rural villages in Germany which have no motion picture houses are now visited by motor trucks which contain complete projection outfits, so that the most isolated towns see current movies.

### Canada's Largest Park

Jasper National park is the largest park in Canada.

### 'La Belle Riviere'

The Ohio river was known by the French as "La Belle Riviere."

## IMPROVED UNIFORM INTERNATIONAL SUNDAY Lesson

### PETER EXHORTS TO CHRISTIAN LIVING

LESSON TEXT—1 Peter 3:8-18.  
GOLDEN TEXT—But as he which hath called you is holy, so be ye holy in all manner of conversation.—1 Peter 1:15.

Christians are not only "the called of Jesus Christ," but are also "called saints" (Rom. 1:0, 7). Peter had the same thing in mind when he (in v. 0 of our lesson) says that we "are thereunto called." Let us remember that when we are tempted to say that we "do not profess to be saints." "Dr. James Denney once remarked how odd it would look to see in the New Testament the statement, 'I don't pretend to be a saint.' It would be tantamount to saying, 'I do not take the call of God very seriously and I do not profess to live up to it.' When God calls, our answer is not a matter of indifference and... not a matter of presumption. It is not a life for which we volunteer, or on which we adventure of our own motion, or which we have to carry through our own resources; it is a life for which we have a divine summons, and that summons is our justification" (Arnold's Commentary). All believers are called to live a consistent, powerful, useful Christian life, and God makes such a life possible.

1. Living for Christ (vv. 8-12).  
To live for Christ one must be born again into the position of a true believer. Peter was not so foolish as to urge that his readers try to live a Christian life without first being born into the family of God. He therefore lays a foundation for his exhortations by discussing in the early chapters of his epistle the atonement of Christ and the position of the believer. Then he gives specific instructions to certain groups, leading up to the general plea for Christian life and testimony.

1. Among brethren (v. 8). Knowing what Christ has done for us, it might well be assumed that all of us who are His followers would love one another and do nothing but that which would promote Christian fellowship. But human nature prevails even in the Church, and sometimes displays its worst side there. Hence we need to consider this instruction of Peter that we cultivate unity, sympathy, and love among the brethren. Observe that this is not just a pious platitude which we may take or leave. It states our obligation to one another as Christians. Whatever others may do or say, let us be clear that we have obeyed this word of God.

2. With unbelievers (vv. 9-11). God has called us to live peaceably with all men. We will not cure evil by returning for it more evil. If our ungodly neighbors or fellow workers mistreat us by word or deed, we are not to retaliate in kind. We are to control our tongues—how much we need to learn that lesson. We are not to be tricky and deceitful, not to look for a fight, but to seek peace.

3. For our own good (v. 12). What blessed assurance we find here for the believer. The eyes of the Lord are upon both the good and the bad in the world. He knows. Contrary to the promise of "blessing" in verse 9, of seeing "good days" in verse 10, the assurance of peace in verse 11. It is not only honoring to God, but good for us to live as Christians.

II. Suffering for Christ (vv. 13-18).  
Peter was writing to those who were bearing bitter persecution because they followed Christ. Perhaps some were tempted to say then as they do now, "If there really is a God, if Christianity amounts to anything at all, certainly believers would not be permitted to suffer at the hands of enemies of Christ." Let us be clear that being a Christian in no way exempts us from the common experiences of humanity, nor does it assure us that we will not have to bear persecution and suffering. But (and here is a point of greatest importance), we are able to meet such difficulties in the name of Christ without fear or discouragement, for God is with us.

1. Not afraid (vv. 13, 14). The martyr spirit has not died out in the earth, and there are those in our day who stand unafraid before dictators and rulers who would destroy them because of their loyalty to Christ. "Be not afraid."  
2. Not discouraged (vv. 15-17). The one who knows God's Word (and every Christian ought to know it) can give answer (v. 15) concerning his faith. Note that if we are punished for our own wrongdoing we may well be depressed, but if we meet persecution with a clear conscience (v. 16) we need feel no discouragement.

3. Not alone (v. 10). The path may be dark and difficult, but one way we know, our Leader, Christ, we led an even darker and more desolate road. He it is who is now with us, yes, in us. Remember that "Christ also hath once suffered" (v. 10) and go on your way in victory.

### Finds Pin Lost in Lake for Ten Years

BATH, N. Y.—Mrs. B. O. Chapman has her diamond-set breast-pin back after losing it 10 years ago.

It was found by Frank Storm of Bradford, who, while painting a cottage near here, was attracted by a flash in Lake Lamoka near the shore.

Investigating, he discovered the long-lost pin.

### PLAN TO USE SOUND FILMS AS EVIDENCE

#### Way Is Paved by Conviction of Drunken Driver.

DETROIT.—Its way cleared by establishment of a precedent, Detroit's police department needs only funds to launch one of the most comprehensive and accurate systems extant of obtaining convictions through presentation of sound film evidence.

Having obtained the conviction of a drunken driver, Joseph Florence, through use of a moving picture which showed him reeling and projected his voice, speaking in the thick-tongued speech of the intoxicated, only an "angel" is needed to provide the funds necessary to equip properly a division devoted entirely to recording and filming evidence.

The groundwork was laid by Lieut. F. E. Broom of the accident prevention bureau.

Another great aid talking pictures would be to police comes under the head of protecting "confessions" made to police soon after crimes are committed.

"It is common for defendants to gain a not guilty verdict despite an early confession, claiming they confessed under duress," Broom said. "If we can show juries talking pictures of defendants making their confessions, pictures of which will show the condition of the defendant at the time of the confession, we will be in a good position to eliminate this type of thing."

"The defendant can't argue with his own words and actions."

The legal side of the practice of presenting filmed evidence was defended by Assistant Prosecutor Richard Nahabedian, who obtained Florence's conviction in traffic court, who said:

"The fundamental object of all testimony in the trial of a case is to re-enact or portray for the jury all the proceedings upon which action has been brought. In other words, the witness attempts to draw a word picture of the happenings, in order for the jury to 'see' what actually did transpire."

### Police Hunt Murderer Among 2,000 in Hospital

LONDON.—The murder of Arthur Izzard, 34-year-old inmate of Chortham mental hospital, near Canterbury, who was robbed and beaten to death in the grounds of the asylum, is presenting a difficult problem to detectives and psychologists.

Police are seeking to find the murderer among the 2,000 inmates, while doctors are endeavoring to prevent the innocent 1,999 from being upset by the investigations. They fear that the crime might provoke other patients to homicide, should the facts of the murder become known.

Izzard, who was regarded as almost normal and soon to be released, was on his way to town to buy delicacies for his fellow inmates. He carried less than \$5 in coppers and silver in a small cotton bag. This was missing when his body, the head crushed, was found in the hospital cemetery.

### Patrolman Finds Time to Mold Bullets Into Toys

ST. JOSEPH, MO.—"Mold your bullets into toys" is an injunction that would seem slightly "cockeyed" to modern dictators and war propagandists, but it is one that Patrolman Martin McNally of St. Joseph follows.

As he attends his traffic duties in the city, McNally finds time to dig into his pocket and bring out a toy soldier or other metal plaything, which he has molded for a young friend.

"You can do more good with lead this way than shooting it at some one," he said.

He gets most of his lead, which he molds at home, from the police station and the pistol range.

The recipients of his toys are youngsters of the city, rich and poor alike.

### Boy Sings and Prevents Panic in British Theater

MANCHESTER, ENGLAND.—A 13-year-old boy prevented panic when fire broke out in a theater here.

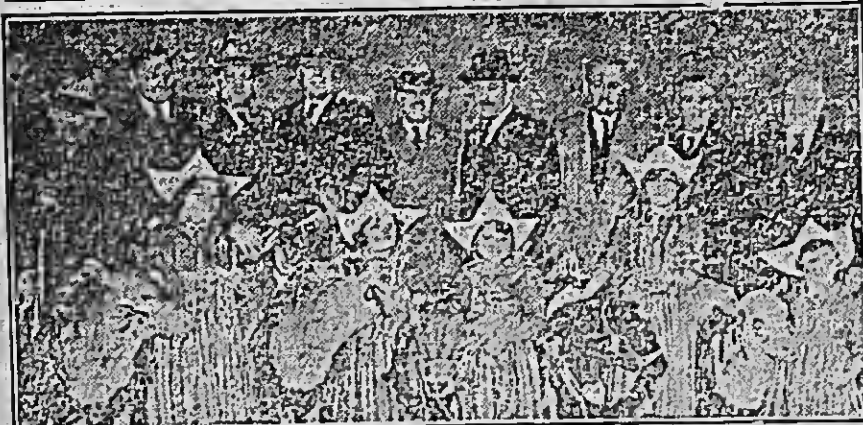

Scores of women and children, half-choked with smoke, ignored the pleas of the manager that they remain seated, and fought to get out of the building.

In an attempt to stop the stampede an attendant put a record on a gramophone.

Joseph Green, 13, stood up and shouted: "Let's all join in," and he began to sing "My Bonny Lies Over the Ocean." Those crowding out stopped and sang, too.

In a few minutes the fire was out.

## ALL DRESSED UP FOR THE WORLD'S FAIR

Already the dairy barn is built, some of the cattle selected, and definite plans have been made for taking 150 of the finest dairy cattle of North America to the New York World's Fair. In the above picture is shown the ground-breaking party that started the project on its way. The calves came to represent the five dairy breeds which will participate and from left to right they are Guernsey, Jersey, Brown-Swiss, Holstein, and Ayrshire.

The folks with them are: (Left to right) George M. Vaughn, Jr., executive vice-president, The Borden Company; Wm. F. Fretz (petting calf), representing the American Guernsey Cattle Club; Lou Morley, Secretary, American Jersey Cattle Club;

Everett Waddy, Jr., representing the Brown-Swiss Association; D. N. Boice, representing the Brown-Swiss Association; Theodore G. Montague, President The Borden Company; Grover Whalen, representing the New York World's Fair; Mark Kenney, representing the Holstein-Friesian Association; D. W. McLeary, the Holstein-Friesian Association; Henry W. Jeffers, Sr., representing the Walker-Gordon Laboratories, Division of The Borden Company.

The cows will be milked three times daily and will be fed, housed and cared for as part of the Borden exhibit. The display is located on the Central Mall of the World's Fair and for once the dairy cow has "made Broadway."

## LAKE VILLA

Lake Villa Community Church

I. B. Allen, Pastor

Sunday School—10 A. M.

Worship Service—11 A. M.

The Rev. Jesse Firestone, formerly of Wichita, Kansas, now of Ingleside, will deliver the morning sermon at 11 o'clock next Sunday. He will deliver an Easter message on the "Temptations of Jesus."

The Sunday School Superintendent asks all children to resume their classes in the Sunday-school again, and wants to inform them that the Sundays they have missed because of illness or quarantine will not count against them in winning their pins.

Two new volumes on the "Story of the Bible" by Russell Bowie have been ordered and will be used in connection with Mrs. Swanson's and Mr. Gallagher's classes.

The Primary department under Mrs. C. Hamlin and Mrs. H. Nelson welcomes all children from 3 1/2 to 9 years to attend their classes and to take part in the exercises leading up to Easter.

On Sunday evening, March 26, the Masons and Eastern Stars will be special guests of the Community church at the service at 8 o'clock, and all are very welcome.

### Dairy Cattle Royalty to Grace World's Fair

This young lady and her pure-bred companion are photographing while attending group-breaking ceremonies for the "Dairy World of Tomorrow" on the World's Fair grounds at New York.

The "Dairy World of Tomorrow" is to be one of the striking exhibits at the 1939 Fair. Here 150 dairy cows, each a queen on the basis of her type and performance, will be on exhibit. These cows will be selected by the Breed Associations representing the following breeds: Jersey, Guernsey, Holstein, Friesian, Brown-Swiss, and Ayrshire. These cows will be milked three times daily on a rotolac, or equipped with magnetic milkers, giving the public a chance to observe the most modern methods in handling milk. In addition to the cows mentioned, calves and a bull of each breed will be on display.

The "Dairy World of Tomorrow" is being staged by the five breed associations mentioned above in cooperation with The Borden Company for the purpose of showing the place of the pure-bred cow in the economics of dairying.

### Beautiful Gardens

Orton Plantation at Winnabow, near Wilmington, N. C., is noted for its beautiful gardens, which are open to the public. There is a large variety of camellias, mimosa, azaleas and crepe myrtle, as well as Japanese plum trees, tea olives, holly, amilox and youpon. The 12,000-acre plantation was established in 1725 by "King" Roger Moore and surrounds a mansion which is one of the finest examples of colonial homes in America.

### Trachoma Is Widespread

Trachoma is one of the most widespread of all eye diseases. Persons who acquire the infection develop thick, granulated eyelids, a white film over the eye and inability to open the eyes in strong light.

C. W. Reinebach and J. Van Buren transacted business in Chicago on Monday.

Mr. and Mrs. Edward Leonard entertained friends from Highland Park last Sunday, and the Anthony Leonard family of Round Lake were also guests at the Leonard home.

The Eastern Star chapter at Millburn which has many members living here, is having a public card party at their hall at Millburn on Friday evening this week, March 17.

Fred Hamlin is quite ill at his home and under the doctor's care.

## LAKE CO. HOME BUREAU ELECTS

### Mrs. Raether Is Chosen to Head Organization for Coming Year

Lake county was the only county in the United States to organize a Home Bureau in the depression, according to Mrs. Helen Butner, home economics extension representative from the state university, speaking Friday before 125 at the seventh annual meeting of the county Home Bureau in Wauconda.

There are now 62 Home Bureaus operating in 68 counties in the state, with a total membership of 20,000.

Elected to office for the next year were Mrs. O. L. Raether, president; Mrs. Walter Crook, Vice president; Mrs. Harry Powis, Gurnee, secretary; Mrs. Earl Kane, Diamond Lake, treasurer; directors, Mrs. E. E. Elsbury, Gurnee, Mrs. J. L. Magnuson, Diamond Lake, Mrs. W. K. Shipman, Diamond Lake, Mrs. Harold Druce, Grayslake, Mrs. William Leing, Lake Villa, and Mrs. I. J. Cernak, Zion.

Outstanding 4-H club members and 4-H State project champions who received gold pins in recognition of their work were: Shirley Mills, Maron Gillespie, Marjorie Kane and Marion

Stahl, as outstanding 4-H club workers; Nancy Mills, Edith Rapp, Virginia Wallace, Rosemary Dada, Bessie Leung and Marjorie Doolittle, project champions.

The main address was given by H. W. Gilbert, assistant professor of landscape gardening at the University of Illinois, on the topic, "Planting the Home Grounds." Unity and simplicity are the keynotes to good landscaping, said Mr. Gilbert.

#### NOTICE OF PUBLIC HEARING

Notice is hereby given that a tentative budget and appropriation ordinance for Antioch Township in the County of Lake, State of Illinois, for the fiscal year beginning March 28, 1939, and ending March 26, 1940, will be on file and conveniently available to public inspection at Town Clerk's Office from and after 8 o'clock P. M., 28th day of March, 1939.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 2:00 o'clock P. M., 29th day, March, 1939, at Village Hall in this Township, and that final action on this ordinance will be taken by the electors at the annual town meeting to be held at 2 o'clock P. M., Tuesday, April 4, 1939.

Bernard F. Naber, Supervisor, C. F. Richards, Clerk.

**San Marino on One Peak**  
The tiny Republic of San Marino is situated almost entirely on a single rugged mountain.

### Tuberculosis Is Danger to Students, Co. Ass'n. Reports

A recent survey by the Illinois Tuberculosis Association reveals that approximately one high school senior out of every hundred is found to have active tuberculosis when examined by means of the newly improved tuberculin testing and X-ray technique, the Lake County Tuberculosis association reports.

When boys and girls go to high school and later to college, they are likely to become careless of their health and unwilling to admit that they do not feel physically up to the mark. It is all too common when the search is made by school physicians to find students with early tuberculosis playing on football or basketball teams. This is a dangerous situation because the symptoms, if present at all, may be so slight as to excite no alarm. As the result of indifference, the disease is allowed to progress to the serious stage. It is possible to have tuberculosis for as long as two and one half years without any physical symptoms whatever, the association points out.

A case of early tuberculosis treated promptly by rest, good food and fresh air has an excellent chance of getting well, but once the disease becomes entrenched it is difficult to cure it. For that reason the Lake County Tuberculosis Association is urging tuberculin testing, with X-Ray examination for positive reactors, to the students of high schools in Lake county. The Association will be glad to give a full explanation of this program to high schools desiring tuberculin testing for their pupils.

The Association is able to make this service available through the support of the citizens of Lake county to the annual Christmas Seal Sale and will be able to continue this program just as long as this support is given. The regular semi-weekly chest clinic will be held Wednesday and Friday mornings, March 15 and 17, from 8:30 to 11 a. m. at St. Therese hospital, Waukegan. New patients are requested to make appointments at the office, Majestic 1805. Dr. Charles K. Pette, Medical Director of the Lake County Tuberculosis Sanatorium, and also, a member of the Executive committee of the Lake County Tuberculosis association, is the examining physician of the clinics.

**Duping the Ducks**  
Each season an eager duck will produce about half a pound of eider down, but it must be tricked into doing so, says Samuel J. Beckett in "A Woylurer in Norway." Artificial nests are placed in the rocks in the haunts of the bird, and there the ducks lay their eggs. As the eggs are systematically taken away, the bird continues to sit for long periods, all the time plucking the valuable down from her breast for the eider down industry.

**Crooked Road**  
The crookedest road in the United States is the 3½ mile highway between Goldendale and Mary Hill, Wash., which contains 52 turns and curves.

### Display of Orchids Intrigues Flower Lovers

Many flower lovers of Lake and Kenosha counties have been greatly interested by the unusual display of orchids being held at L. Turner and sons florist shop in Kenosha this week. This display, which opened Wednesday, has attracted numerous visitors.

### Salem Town Caucus to Take Place Saturday

The annual town caucus of the Town of Salem will be held Saturday, March 18. Nominations are to be made at that time for town chairman, supervisor, clerk, treasurer, assessor, justice of the peace (two year term) and town constable. A caucus committee is also to be chosen.

### Trevor Man Suffers Injury to His Eye

Harry Dexter, Jr., Trevor, had the misfortune of having one eye injured by a thorn which pierced the eyeball, last Wednesday. He was rushed to the Kenosha hospital where three stitches were required to close the wound.

### Kenosha County 4-H Meet Well Attended

The Kenosha County 4-H Achievement program was held at the Wilmot gymnasium on Friday evening. 157 members attended.

The annual operetta given by the Music department will be held on Friday, March 31st.

### JOHN CLAUSEN ESTATE

Norm. W. Christensen, Auctioneer  
Wis. Sales Corp., Mgrs., 421 Arcade Bldg., Racine

**Origin of January**  
The name January (Latin Januarius) is derived from the two-faced Roman god Janus, to whose care the month was dedicated as looking both into the past and the future, and as the deity who was concerned with the beginning of all enterprises. The consecration of the month took place by an offering of meal, salt, frankincense, and wine, each of which was new.

**Printers' Stick**  
The name "stick," as used by printers, is derived from the days of hand typesetting, a stick being the small metal tray in which the printer placed the type as he set it. The amount of type that could be set in this tray was about two inches, hence the use of the term a space measurement.

**Diamonds in India**  
Diamonds originally came from India. For centuries that country remained the sole source of Europe's supply. Diamonds were discovered in Brazil in 1730, and in South Africa in 1867. South Africa produces 90 per cent of the world's output.

**Ancient Stairway Excavated**  
Excavations being carried out at Pachacamac, Peru, have resulted in the laying bare of the remains of a monumental stairway, which was probably one of the main approaches to the Temple of the Sun.
